## Evaluation of Learning Process

For each assignment, you will assess your execution of the learning process. You will earn 1 point for each of the following:

- ☐ You have received a stamp, showing that assignment was completed on time.
- ☐ Assignment is in learning journal, and assignment has date and title.
- ☐ Page is split into two columns: one for the problems and one for self-assessment.
- ☐ You have attempted all assigned problems (both columns) ☐ an honest effort!
- ☐ You have “shared the wealth” and updated assignment with feedback from others.
