### **Formative Assessment Reflection**

Now that you have received feedback on your formative assessment, please complete the following table based on the feedback.

Geometry Formative Assessment 12.1–12.2						
Question	Learning Target	Correct	Wrong	Simple Mistake	Need to Practice	Need to Relearn
1						
2						
3						
4						
5						
6						
7						
8						
9						

After carefully reviewing my formative assessment, I believe my progression of learning the learning targets thus far is (circle ONE):

- M – I have **mastered** the learning targets for sections 12.1–12.2 and I am ready to move on.
- A – I am **approaching** mastery of the learning targets for sections 12.1–12.2 but I still need to practice some problems.
- T – I need additional **tutoring** to help me master the learning targets for sections 12.1–12.2.
- H – **Help** please! I need to **relearn** the majority of the concepts from sections 12.1–12.2 before I can move on. I should seek help immediately from Miss Helms or the Point as soon as possible, so that I will be prepared for the Summative Assessment.

List the Learning Targets below that I need to work on specifically.

Of the 3 homework assignments assigned, I have completed \_\_\_\_\_.

Date: \_\_\_\_\_

After making corrections to your formative assessment, please reflect on how you performed on the formative assessment and the corrections.

- Does your performance on the formative assessment accurately reflect your preparation and understanding of the learning targets prior to the assessment? Why or why not?
- How will you prepare for the summative assessment?
- How will your performance and preparation for this formative assessment impact your preparation for future formative and summative assessments in Geometry?

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
