

# Contract Evaluation Checklists

## Lab write-up:

- Has a title (Whiplash Activity) and date.
- Has a goal, observations (if needed), and a conclusion written in your own words.
- The conclusion describes briefly what you did using a diagram, if appropriate.
- The conclusion summarizes your group's discussion. It answers the issue posed in the goal and includes your understanding of all the "Things to Discuss". It uses diagrams to help clarify your conclusions, if appropriate.
- The write-up has been corrected, if needed, during lab review.

## Homework:

- Is stamped in as "on time".
- Has a title (HW 8A) and date.
- Has a complete list of new concepts.
- Has reading notes summarizing every assigned section in your own words.
- Has full sentence answers to all questions and complete and correct answers to *all* problems.

## Worksheet:

- Is stamped in as "on time".
- Answers are written in complete sentences.
- Is correct and complete.
